1 Introduction

Sections 1 through 21 and the appendices conform to FIA WRC Appendix 3 Regulations for Rally Guides. This document has no regulatory power and is to be used for information only.

1.1 Sandblast Rally Chairman

1.2 Atlantic Rally Cup History

The Eastern States Rally Championship started in 2004 and the Sandblast Rally had the honor of being the first event of the first Rally Championship organized by NASA Rally Sport. The series then traveled to Tennessee and New York for three more Rally events. In 2005 the International Rally in Northern New York was added to the Rally Championship lineup. Then in 2006 Rally West Virginia was added to the Rally Championship list of events. The roads in West Virginia proved to be technical, popular and further increased the varied types of terrain that competitors fight to conquer each season.

In 2008, the twin Championships of the Atlantic Rally Cup and Atlantic RallyMoto™ Cup replaced the Eastern States Rally Championship. The now familiar events – Sandblast Rally, Rally Tennessee, Rally West Virginia, and Black River Stages – comprised the Championship.

In 2009 a tarmac Championship was added in Florida. In 2010 a winter event in Canada, Rallye de Charlevoix was added. The Atlantic Rally Cup for car competition began scoring on two classes - All Wheel Drive (AWD) and Two Wheel Drive (2WD). While Motorcycle classes for the Atlantic RallyMoto™ Cup remained the same. However a Quad class was added as a rallying option in certain rallies.

2013 brought big changes to the Atlantic Rally Cup & the Atlantic RallyMoto™ Cup with the addition of the Empire State Performance Rally in New York. It was also the first year that the series was considered part of the National Qualifying Series. The events & results started counting toward qualification to race in the NASA National Rally Championship. The decision was also made that year to drop the Rallye de Charlevoix, as the total number of rallies was becoming unreasonable for a grassroots effort.

Rally Guide – NASA Rally Sport IS Grassroots!

Lastly, in 2014, the Magnum Opus Rally in Newberry, Michigan was added to the Atlantic Rally Cup and Atlantic RallyMoto™ Cup.

1.3 NASA Rally Sport Atlantic Rally Cup & RallyMoto™ Cup Points Table

This is the first event of the season, an updated Atlantic Rally Cup and Atlantic RallyMoto™ Cup points table is not available. An updated points table will be available later in the season.

1.4 Two Way Radios

Radio communication within the United States is governed by the Federal Communications Commission (FCC). Users must either be a licensed amateur operator (HAM license) or use licensed business frequencies. Equipment power and allowed frequencies are limited. Further information can be found at: www.FCC.gov

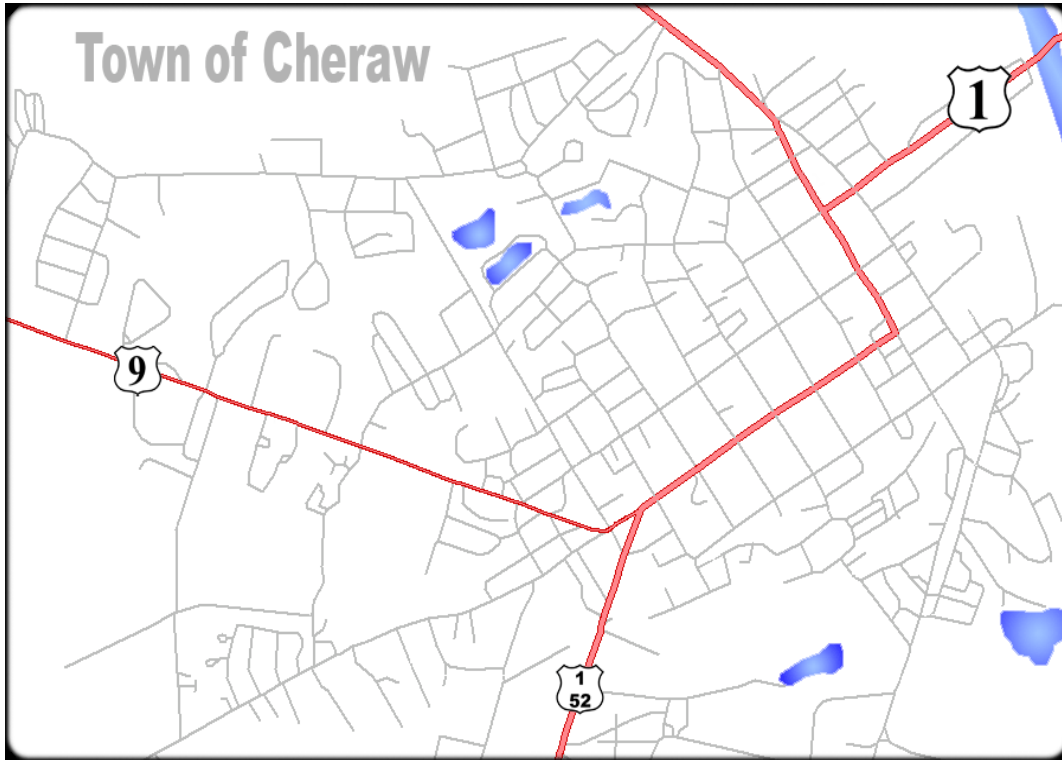

1.5 Hospitality

The Sandblast Rally organizers are not currently planning any hospitality/VIP tours. If you would like to provide these services for your sponsors or clients please contact Andrew Frick to arrange the details.

1.6 Event Passes & Plates

All participants must wear wristbands indicating they have signed an event waiver. These will be required for entering controls and working in the service park. No metal event plates will be issued for this event. Vinyl stickers will be supplied at registration.

3 Entry Details

3.1 Titles for which the Rally Counts

The 2017 Atlantic Rally Cup
The 2017 Atlantic RallyMoto™ Cup
The 2017 NASA National Rally Championship.

3.2 Criteria for Acceptance of Entries

Classes eligible for entry are defined in the Supplemental Regulations

3.3 Stage Notes

Stage notes prepared by Pete Lahm of P-Sport and will be issued to each car team. These notes are included in the entry fee. The notes will be issued to the co-driver at registration. The stage notes have been prepared using the Jemba Sweden numeric system. (e.g.: R5 120! Cr L4>3 R3/Cr Lg L4)

Details of the abbreviations used in the system are available before the rally on the Jemba web site: <http://jemba.se/notesUSA.htm>. This list of abbreviations will also be included within the stage note book.

3.4 Insurance Coverage Provided by Entry

The Entry Fee includes the insurance premium to insure the competitor and other parties as necessary against all third party bodily injury and property damage for the amount of \$5,000,000 per occurrence. All competitors, service crews and all event participants (staff, marshals, volunteers, etc.) have secondary medical coverage of \$1,000,000. All insurance coverage will come into effect at the opening of the Rally and will end at the close of the Rally or at the moment of competitor retirement, exclusion or disqualification.

3.5 Draft Entry List

For a comprehensive entry list see SandblastRally.com

3.6 Road Closure Schedule

The rally roads are closed to civilian traffic on March 4, 2017: 6am - 11pm.

3.7 Twilight Schedule

The sun has the following schedule for Cheraw, South Carolina; March 4, 2017: Sunrise 6:45am & Sunset 6:18pm

3.8 Administrative Checks Location

Cheraw Police Department Conference Room
258 Second Street, Cheraw, SC 29520

3.9 Service Vehicle Registration

All service vehicles must be registered either with a state agency, or, in the case of imported cars, the federal government. Service vehicles must also be registered with the rally and insured for public road travel. Documentation proving this must be available at all times. Service vehicles must display the appropriate windshield sticker for access to the service park.

3.10 Vehicle Registration & Licensing

All rally vehicles must be registered either with a state agency, or, in the case of imported cars, the federal government. All rally vehicles must be insured for public road travel. Documentation proving this must be available at all times.

4 Racers-Schedule

4.1 Start Procedure

Date & Location

Saturday, March 4, 2017 in Downtown Chesterfield

Procedure

The first vehicle is scheduled to leave TC0 at 8:31am. The motorcycles will start the rally first. The official start order will be posted Saturday morning at 8:00am on the official notice board at the Start in Chesterfield, South Carolina. The list of entrants will be updated periodically on the web site. At no time will the list of entrants posted on the web site be considered an official start order.

The actual start order will be determined by the Stewards of the Event and the Clerk of the Course. These officials will use speed-factors, an individual's competitive history, and the vehicles entered as input when deciding start position. Any appeals for changes to the start order must be submitted in writing to the Clerk of the Course prior to 7:00pm on Friday night. All competing vehicles and crews must report to the start area and the Parc Exposé by 8:00am.

The first vehicle is scheduled to leave TC0 at 8:31am. The motorcycles will start the rally first. The starter will count down vehicles verbally. Motorcycles will be released on 30-second intervals. Cars will be released on one minute intervals.

4.2 Finish Procedure

Date & Location

Saturday, March 4, 2017 at Kevin Lear on Main

Vehicles will begin arriving at the final control and be directed into parking locations by control volunteers.

Procedure

Upon arrival vehicles will clear the final control. Early check-in is allowed only at the final time control. At the final time control the time entered on the time card will be the time requested by the competitor, not the actual time. Competitors will then be directed either to impound or to the Awards Party.

6 Shakedown

6.1 Participation

Competitors who have completed registration, scrutineering, and the Novice Competitor Orientation (if required) and who have prepaid for shakedown access may participate in the shakedown stage. Helmets, suits and all other safety gear are required. Some teams may be asked to carry a passenger for a publicity run of the shakedown stage.

6.2 Time & Location

Friday, March 4, 2015: 3:30pm – 6:00pm @ The Curve Tavern

Rally Guide – NASA Rally Sport IS Grassroots!

8096 Hartsville Ruby Rd, Patrick, SC. 29584
843.634.7614

6.3 Participants

Using this road will prevent us from putting ruts in stages that will be used the following day. After completing the stage, it is roughly 5.1 miles to drive back around to the start. Overall transit distance is about 22 miles from registration. Service vehicles are not allowed at the start or finish of the shakedown stage. When your team is finished in the shakedown stage, the rally vehicle must report immediately to the Parc Exposé on Chesterfield's Main Street in front of the 1884 Chesterfield County Courthouse.

Which is a large red brick building on the north side of the street. Teams will be checked in and out of the Parc Exposé. Failure to attend will result in a one minute penalty. Restaurants on Main Street will be open. Teams are encouraged to dine locally and leave their vehicles in Parc Exposé while dining. Teams must arrive by 6:15pm and can leave the Parc Exposé after 7:30pm. No service crew members or spectators may participate in the shakedown stage by riding in a vehicle.

Please note that the shakedown stage is used for publicity and rides in rally cars are sometimes arranged for event sponsors and town officials. Some teams will be approached and asked to provide rides for a mayor, police chief, or an event sponsor. Please understand that this sort of activity is paramount for continued close relations with the town and forest that allows use of their roads. These riders may need to borrow helmets. The ride with a sponsor should be at 60-70 percent of testing speeds, and viewed as a ride, not an opportunity to test.

6.4 Cost

The cost of Shakedown is \$25 and is included in the Deluxe entry package. Those registering for a Basic entry package will not be able to participate in Shakedown.

6.5 Spectators at the Shakedown

One spectator area will be available at the Shakedown stage. All persons who go to this spectator area must sign a waiver. Spectators will be allowed within the designated and taped area only. Any team members or crew traveling outside the designated & taped area will incur a one minute penalty.

6.6 Directions to Shakedown

Directions from Registration

Approximately 40 minutes and 23 miles

Head southwest on US 1/Route 9/Route 52/Market Street

Drive 0.86 miles and bear right at Y onto Route 9/Chesterfield Highway

Drive 10.67 miles and bear right at Y Route 9/Main Street to drive through downtown Chesterfield

Drive 0.93 miles and turn left onto 145/South Page Street

Drive 10.68 miles and turn left onto Winery Road.

6.7 Directions to return to the start from the finish of Winery Road

Approximately 4.4 miles and 7 minutes

Turn left at T onto Hartsville Ruby Road

Drive 1.76 miles and turn left onto 145

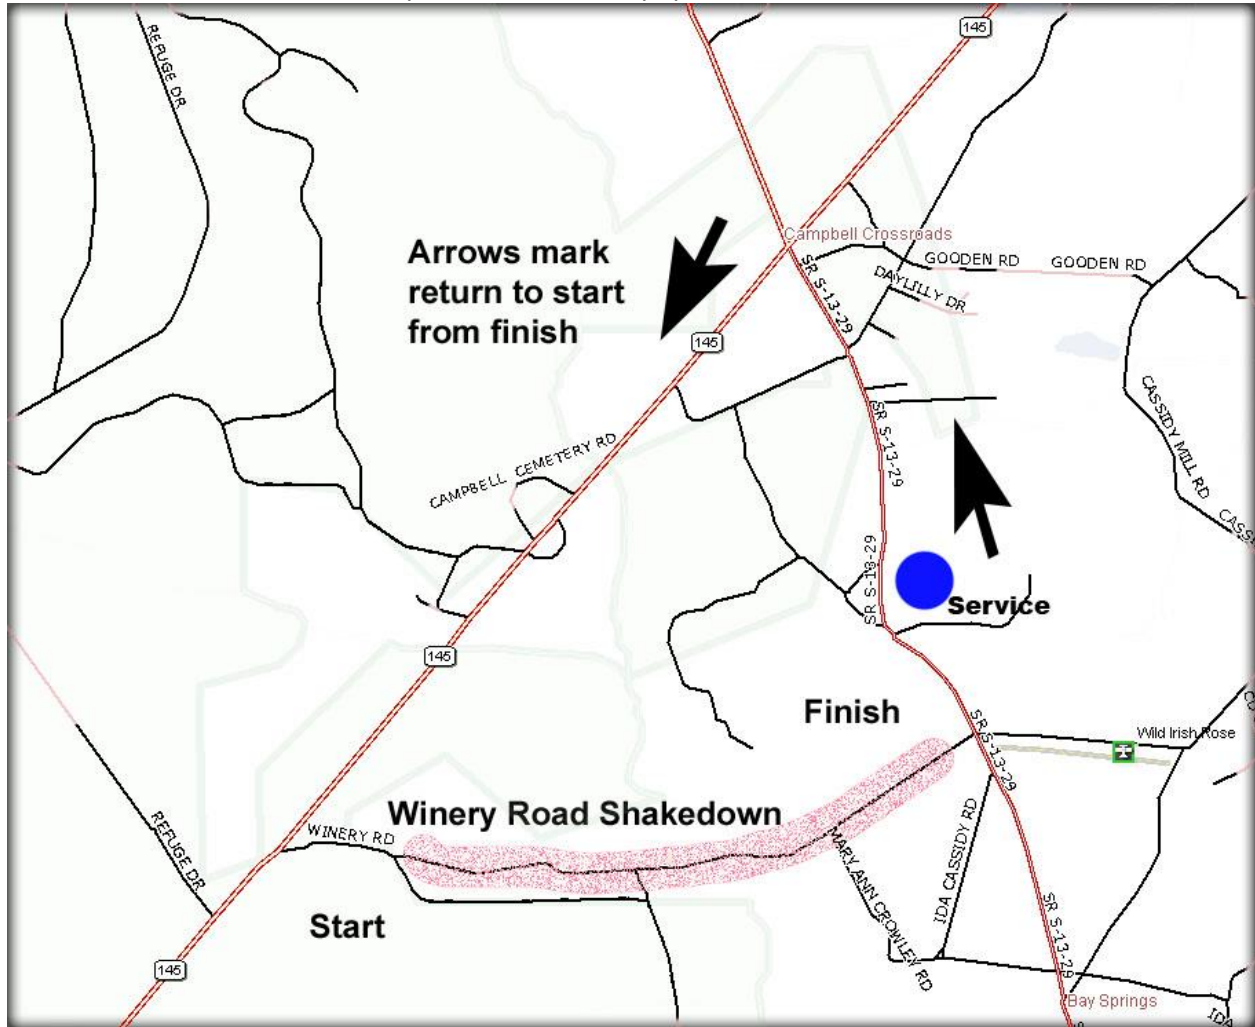

Drive 2.56 miles and turn left onto Winery Road

Do not shortcut through any dirt roads on the return trip to the start.

6.8 Shakedown Service

Due to concerns about the amount of cars on the side of route 145 near the start of the shakedown stage we are moving the service location for shakedown. The Curve bar has agreed to let us use the grass lot to the right side of the building lot for service during shakedown. They have room for trailer parking if you intend to trailer your race vehicle. Do not park or perform service activities on route 145.

8 Import of Vehicles & Spare Parts / Importing into America

The following is an excerpt from a U.S. government publication entitled "Importing A Car": Nonresidents may import an automobile or motorcycle and its usual equipment free of duty for a temporary stay to take part in races or other specific purposes. However, prior written approval from the EPA is required and such approval is granted only to those racing vehicles that EPA deems not capable of safe or practical use on streets and highways.

If the contests are for other than money purposes, the vehicle may be admitted for 90 days without formal entry or bond if the Customs officer is satisfied as to the importer's identify and good faith. The vehicle is subject to forfeiture if it is not exported or if a bond is not given w/in 90 days of its importation. Prior written approval must be obtained from DOT. A vehicle may be temporarily imported for testing, demonstration, or racing purposes. With rally cars being capable of "safe and practical use streets and highways" this complicates matters, and we recommend that you research the matter carefully. Another encouraging part of the document states, "These vehicles may be operated on public roads or highways provided the operations are an integral part of the test." Sandblast Rally, giving no prize money, does fulfill the "contest for other than money purposes" clause. The Supplemental Regulations explicitly state that no prize money will be awarded. The full document is available on the official government importation web site:

http://www.cbp.gov/xp/cgov/travel/vacation/kbyg/prohibited_restricted.xml

Forms to import a car, you must deal with the National Highway Traffic Safety Administration, available here:

<http://www.nhtsa.dot.gov/cars/rules/import/Racing/>

You may submit the forms yourself, or have a US customs broker (at a port where the car will land) do it for you. You do not need to have a NHTSA "Registered Broker" process this paperwork, as those businesses deal with cars that are imported for sale.

8.1 Embassies & High Commissions

(Scrutineering will not be open on Thursday or Saturday.)
Friday, March 3, 2017 4–6pm (By Appointment Only)
Only teams with pre-approved appointments reserved through the Chief Scrutineer will be allowed to scrutineer during this time.

17.3 Preparations for Scrutineering

The following items should be prepared before the vehicle undergoes scrutineering:
-Appropriate number backers or white space should be in place
-Appropriate vehicle numbers should be in place
-All organizer provided stickers should be in place

17.4 Pre-Event Scrutineering

Scrutineers will check the safety and eligibility of the competition vehicles. Vehicles may also be checked for general road worthiness, homologation papers, verification of Vehicle Identification Numbers, or other aspects of vehicle legality.

The driver, navigator or rider does not have to be present at Scrutineering; however, their helmets, driving suits and all other safety gear must be examined at the same time as the vehicle is being examined.

17.5 Post-Scrutineering

On Saturday, after clearing the final control the Chief Scrutineer will notify any competitors who need to proceed to a Parc Fermé for scrutineering.

Final checks will be conducted on Second Street outside the Awards Dinner location
Kevin Lear on Main @ 140 2nd Street, Cheraw, SC. 29520
