Letcher County, Harlan County, Kingdome Come State Park, KY

**Supplementary Regulations**  
**September 16 - 19, 2020**

## **Welcome Message**

In today's world, when COVID-19 put a stop on almost everything, we are lucky to go racing! And we will do that following all the CDC, Kentucky Health Department, Letcher and Harlan County Health Department rules and regulation regarding outdoor and indoor activities!

After Eastern Kentucky Rallye Sprint success, is time to get serious. Those challenging roads in Letcher and Harlan County, Kentucky are ready and waiting for you with a full rallye. The local communities are more than happy to have us there, so lets offer them something special. Plenty of Tarmac is the start of a long series of tarmac rallies in that region, and don't exclude gravel from the future!

Marcel Ciascai, Organizer

## **COVID – 19 Health protocol**

At NASA Rally Sport, the safety of our competitors and spectators is our number one priority. We will require all competitors, crew, spectators and visitors to do the following:

- Have their temperature checked prior to entering. Those with a temperature greater than 100°F or 37.8°C will not be granted entry
- Wear face masks
- Follow social distancing guidelines

## **COVID-19 Health announcement**

In order to keep everybody safe, only necessary participants, staff, volunteers, crew members, and this limited number of spectators or visitors will be permitted to attend in person. Other spectators are invited to watch the time trial virtually. All in-person attendees and participants will be required to practice social distancing and follow the plan outlined below:

### **Required Social Distancing & Wearing of Masks:**

All participants, staff, volunteers, spectators and visitors will be required to socially distance at minimum of 6ft-apart and wear a mask, with the exception of individuals who have health issues or other extenuating circumstances that prevent them from wearing a mask. Spectators without a mask will be offered one, donated by Mountain Comprehensive Health Corporation - MCHC.

## **Tracking and Limiting of Spectators:**

To adhere with current CDC guidelines and Kentucky health guidelines, we will limit the number of spectators allowed to gather at any given time within the spectator area used for time trial, based on the latest guidelines in place, a week before the event.

There will be only one access point to the Kingdome Come State Park, located at the entrance of the park on Cumberland side. A staff member and/or volunteer will be assigned and stationed at the entrance/exit location to count the number of spectators in area and will be responsible for updating the records in a notebook. These records will be made available to local health and government authorities upon request.

At the entrance, temperature will be checked, and each spectator will receive a package containing a face mask, hand sanitizer, where he can spectate and a reminder to follow the guidelines for social distancing.

An outdoor space will be designated for spectators with ample space to ensure each spectator stays at least 6ft apart. Those entering the outdoor space designated for spectators will also be asked to self-identify whether they are experiencing any of the symptoms associated with COVID-19. Those with symptoms, or who have a temperature measuring 100.4 F or above will not be permitted to enter the park.

## **Volunteers:**

All volunteers will be in a color coded shirt. They will be required to sign in with at the race control location with their name, contact info, and temperature. Volunteers will be trained to recognize the symptoms of COVID19 and required to leave if they exhibit any of these symptoms. Volunteers will be required to wear a mask and socially distance at any given time.

## **Pre-Race Check-In:**

NASA Rally Sport drivers, codrivers, crew, stage teams and officials will be required to wear masks in general population areas, and when they will sign a waiver to wear a mask, be given masks, and given a bottle of hand sanitizer, and have their temperature logged.

## **Race Participants:**

Rally teams (driver, codriver, crew) caught without wearing a mask will receive consequences. The first time will be a warning that will be logged in the notebooks tracking. If there is a second infraction, they will receive a time penalty (1 minute). If there is a third infraction, they will be disqualified from the event and asked to vacate the premises.

## **Enforcement:**

A Public Announcement system will be in place to remind spectators and participants about social distancing requirements with a verbal reminder announced every hour. NASA Rally Sport and Kingdome Come State Park has the ability to deny entrance or ask to leave the premises to anyone who does not follow this plan. Local law enforcement, Park Rangers in Kingdom Come State Park and Police on the Hwy 119 will be available during the time trial to assist with enforcing this plan, if individuals become unruly about being denied entrance or asked to leave the premises for violating this plan.

## Regulations Announcement

This rallye will be run in compliance with the NASA Rally Sport General Regulations for Rallyes, the regulations for the Atlantic Rally Cup.

Modifications, amendments, or changes to these Supplemental Regulations will be made by bulletins issued by the Clerk of the Course or the Steward.
