

Bulletin #8: Expanded Reconnaissance

After reviewing the Reconnaissance schedule the CUP Iron Mule organizers have expanded the allowable time for Recce.

Recce of the Saturday stages will be allowed Saturday morning from 7:00AM – 9:00AM. This is in addition to the open recce time on Friday.

Reason for this change:

With the compressed schedule and open recce for CUP Iron Mule, we thought that it might be tight to complete 2 full passes of all the stages on Friday.

Proposed recce approach would be to complete 2 full passes of the Friday evening stages and a single pass of the Saturday stages during the current Friday recce time and not rush teams to be back for tech inspection Friday evening. If teams choose to not complete 2 passes of the Saturday stages, they will be allowed to recce Saturday morning prior to the schedule of events on Saturday.

Stage crews will be leaving for stage set-up at 9:30AM Saturday and the stage/control captains are considered Judges of Fact in regards to observing teams on stage after 9:00AM Saturday.
