February 28 & March 1, 2025

Cheraw

Sand Hills State Forest

Welcome

Hello Everyone! Chesterfield County welcomes you for the 2025 running of the Sandblast Rally. We are keeping the changes from last year to help increase the amount of time on the stages for competitors and give the fans another viewing opportunity. This year we will be continuing Sandblast After Dark, an optional set of night stages Friday after the Parc Expose in Chesterfield. This will be treated as a small rally sprint and has its own cost structure.

Sandblast is a great event to start your year with and we are looking forward to another great year. I want to extend a special welcome to the new competitors that are competing in a rally for the first time. I am looking forward to seeing all of you on these unique fun roads and at the finish. Competitors should come prepared to run at least one of the stages after sunset on Saturday and both stages Friday night if they choose to enter the optional event Sandblast After Dark.

Traditionally, Sandblast rally has served the grassroots competitor and this has not changed. We have a simple pricing structure so the number in these regulations is the number you pay at checkout.

Be sure to thank the volunteers because without them none of this is possible. Many of them come from the local area which has been supporting this rally for over 25 years. Feel free to ask questions as you prepare for the event and travel to South Carolina.

Andrew Frick
Sandblast Rally Organizer

Hello all and welcome to the first round of the 2025 Atlantic Rally Cup at Sandblast Rally! We are excited to start the season with one of the most unique and exciting events in the nation. Having raced here myself, and having been a part of this organization at many levels over the last 13 years or so I can tell you that you will struggle to find an event in the US that matches Sandblast rally in carrying the true rally spirit. These roads are a wonderful mix of fast in places, technical in others, and challenging in various ways everywhere. The mix of clay and sand changes often and rewards well prepared competitors with the grit to take on changing conditions and the courage to do it at a winners pace. If you have been with us before, thank you and welcome back! If you haven't tried out this unique event before I assure you a good time, a worthy challenge, and excellent event organization. Bring your best bike or car prep, all your motorsports talent, and your best crew out to South Carolina and show us what you've got!

These are the dates and times by which the entry and payment must be **received**. The postmark of any correspondence will **not** be considered when determining whether an entry is received early. We remind competitors that instant credit card payment is available through the web site, my.NasaRallySport.com.

3.2 Entry Procedure

The early and regular entry pricing is available only to competitors who have entered and paid in full by the deadlines above. Submitting an entry without payment is not sufficient to obtain early or regular entry prices. Entering and withdrawing are the only actions available. Entries are not transferable to another person or entity. Entry fees being refunded will not be held until next year nor are the fees transferable as a credit toward another rally.

All entry details and payment are handled within your account at my.NasaRallySport.com. Also available within your account is immediate credit card payment of the entry fee. Your entry will only be secured with payment in full. Most people find the entry process to be easier on a computer rather than their phone.

Check through the entry details within your account and ensure that they are filled out for competitors, crew, and vehicles. Please note that items you input are manually verified by a person and will not immediately change status from red to green

as you enter information. Check back in a few days for status. All items must be green before race day except for social media handles.

Your account never goes away, if you have previously raced or volunteered with us please take the time to use your existing account for your entry and find your codriver's and crew chief's correct account to associate with your entry.

Note that you will also need a **NASA Membership, NASA Rally License, and an approved NASA Rally Medical**. These things are also obtained through your account on the NASA Rally Sport website. New medical forms are due no later than 5 days before event registration opens to allow time for processing and review. Most medical form problems arise from not reading the directions on the form carefully or not filling it out completely, please be attentive to details. When possible, competitors are strongly encouraged to submit medical forms a month or more in advance.

Questions regarding many rally topics including the medical form are answered in the rally university at <https://www.nasarallysport.com/main/Rally-University>.

New Competitors are encouraged to enter early to ensure they are invited to Novice Competitor Orientation and can get their entry paperwork together on time. If you are delaying entry to finish a vehicle build, competitors are advised that the withdrawal cost when you are refunded close to the event is similar to the additional cost of waiting to enter in a later entry period.

Competitors will be required to sign a registration and insurance waiver, a standard liability waiver, a property damage waiver, a media authorization, a HIPPA waiver and a stage note disclaimer at the on-site rally registration.

3.3 Event Cancellation

The organizers reserve the right to cancel the event if insufficient entries are received before the Early Entry Deadline.

3.4 Number of Entrants Accepted

Initially, 50 entries will be reserved for cars and 50 entries will be reserved for motorcycles. When Regular entry begins, these reservations are removed. A total of 100 minutes worth of vehicles will be accepted.
